

## Vermont Mental Health Performance Indicator Project

DDMHS, Weeks Building, 103 South Main Street, Waterbury, VT 05671-1601 (802-241-2638)

### MEMORANDUM

TO: Vermont Mental Health Performance Indicator Project  
Advisory Group and Interested Parties

FROM: Monica Simon and John Pandiani

DATE: July 25, 2003

RE: Employment of CRT Clients through March 2003

This week's PIP adds to a series of PIPs that combine data obtained from DDMHS Designated Agencies with data obtained from the Vermont Department of Employment and Training (DET) to measure rates of employment for adults with severe and persistent mental illness served by Vermont's Community Rehabilitation and Treatment (CRT) programs. Previous reports in this series are available online at ([http://www.state.vt.us/dmh/Data/PIPs/Ordered\\_by\\_pages/employment.htm](http://www.state.vt.us/dmh/Data/PIPs/Ordered_by_pages/employment.htm)).

This report provides employment rates and average earnings for each of the State's CRT programs for each of the past 15 fiscal quarters. Additional detail for the 3<sup>rd</sup> quarter of FY2003 is also provided.

Statewide, the quarterly employment rate for 3<sup>rd</sup> quarter FY2003 (16%) is considerably lower (-20%) than the 3<sup>rd</sup> quarter a year ago (20% in FY2002). The employment rate for the most recent quarter is the lowest it has been in over three years. Lamoille County (LCMH) experienced the highest employment rate (27%) and Orange County (CMC) experienced the lowest employment rate (10%). Employment rates decreased at all ten of the CRT programs in Vermont from the 2<sup>nd</sup> FY2003 to the 3<sup>rd</sup> quarter FY2003. Bennington County (UCS) experienced the greatest decrease (-36%). Southeastern Vermont (HCRS) experienced the smallest decrease (-17%).

Wages reported for CRT clients during 3<sup>rd</sup> quarter FY2003 were more stable than employment rates. During the most recent quarter, Rutland County (RMHS) had the highest wages reported per employed client and Washington County (WCMH) had the lowest wages reported per employed client. Wages per employed CRT client increased in five of the ten CRT programs from 2<sup>nd</sup> quarter to 3<sup>rd</sup> quarter FY2003. RMHS experienced the greatest increase in wages reported per employed client (21%). CMC experienced the greatest decrease in wages reported per employed client (31%).

It is interesting to note that the number of jobs reported to DET for the entire State of Vermont during 3<sup>rd</sup> quarter FY2003 decreased 2.5% from the number of jobs reported for 3<sup>rd</sup> quarter FY2002. The number of jobs reported for CRT clients during 3<sup>rd</sup> quarter FY2003 decreased 23% from the number of jobs reported during the 3<sup>rd</sup> quarter FY2002. There was, however, an increase (1%) in the number of employers that reported to DET during these time periods.

We look forward to your comments and your suggestions for further analyses of these data at [pip@ddmhs.state.vt.us](mailto:pip@ddmhs.state.vt.us) or 802-241-2638.

**Quarter 3 FY 2003 Employment  
of Community Rehabilitation and Treatment Clients  
In Vermont**

Clinic	Total Number Served	Employment		Wages Reported		
		Number Employed	Percent Employed	Total Wages	Wages per Employed Client	Wages per Client Served
CSAC	140	22	16%	\$54,856.51	\$2,493.48	\$391.83
NCSS	197	36	18%	\$86,769.50	\$2,410.26	\$440.45
HCHS	540	98	18%	\$234,076.19	\$2,388.53	\$433.47
LCMH	127	34	27%	\$73,595.64	\$2,164.58	\$579.49
HCRS	351	51	15%	\$107,831.32	\$2,114.34	\$307.21
NKHS	383	48	13%	\$102,341.35	\$2,132.11	\$267.21
CMC	153	16	10%	\$27,015.11	\$1,688.44	\$176.57
RMHS	266	32	12%	\$94,698.34	\$2,959.32	\$356.01
UCS	163	23	14%	\$46,931.14	\$2,040.48	\$287.92
WCMH	395	73	18%	\$104,234.79	\$1,427.87	\$263.89
Quarterly Total	2,715	433	16%	\$932,349.89	\$2,153.23	\$343.41
Year Ending March 2003	3,037	816	27%	\$4,746,177.91	\$5,816.39	\$1,562.78

Analysis includes Community Rehabilitation and Treatment clients aged 18 - 64 who were active during any part of the reporting period and includes all employment reported for the reporting period.

This report is based on record linkage of the Department of Developmental and Mental Health Services (DDMHS) and the Department of Employment and Training (DET) databases. DDMHS client data are submitted by Community Rehabilitation and Treatment Programs in conformance with contractual requirements. DET data are submitted by employers in conformance with state and federal unemployment laws. Workers who are excluded from DET reporting are the self-employed, firm owners not incorporated and the following employee groups: elected officials, employees of nonprofit religious, charitable and educational organizations, unpaid family members, farm workers (with some exceptions), and railroad employees.

# Statewide CRT Employment Rates and Average Earnings By Quarter: July 1999 - March 2003

	Fiscal Year-quarter														
	'00-1	'00-2	'00-3	'00-4	'01-1	'01-2	'01-3	'01-4	'02-1	'02-2	'02-3	'02-4	'03-1	'03-2	'03-3
% Employed	21	21	20	22	22	23	22	22	23	23	20	21	22	22	16
\$ / Employed Client	1,782	1,978	1,931	2,000	1,912	2,078	2,030	2,022	2,186	2,175	2,253	2,168	2,051	2,162	2,153

Quarterly employment rates are lower than annual employment rates because not all clients who are employed during a year are employed during every quarter of the year. Analysis includes Community Rehabilitation and Treatment clients aged 18 - 64 who were active during each reporting quarter and includes all employment reported for each quarter.

This report is based on record linkage of the Department of Developmental and Mental Health Services (DDMHS) and the Department of Employment and Training (DET) databases. DDMHS client data are submitted by Community Rehabilitation and Treatment Programs in conformance with contractual requirements. DET data are submitted by employers in conformance with state and federal unemployment laws. Workers who are excluded from DET reporting are the self-employed, firm owners not incorporated and the following employee groups: elected officials, employees of nonprofit religious, charitable and educational organizations, unpaid family members, farm workers (with some exceptions), and railroad employees.

## CRT Clients Employed By Quarter: July 1999 - March 2003

Quarterly employment rates are lower than annual employment rates because not all clients who are employed during a year are employed during every quarter of the year.

Analysis includes Community Rehabilitation and Treatment clients aged 18 - 64 who were active during each reporting quarter and includes all employment reported for each quarter.

This report is based on record linkage of the Department of Developmental and Mental Health Services (DDMHS) and the Department of Employment and Training (DET) databases. DDMHS client data are submitted by Community Rehabilitation and Treatment Programs in conformance with contractual requirements. DET data are submitted by employers in conformance with state and federal unemployment laws. Workers who are excluded from DET reporting are the self-employed, firm owners not incorporated and the following employee groups: elected officials, employees of nonprofit religious, charitable and educational organizations, unpaid family members, farm workers (with some exceptions), and railroad employees.
